

RUSH NEUROBEHAVIORAL CENTER

RBNC's Executive Function Skills—Parent Education Sessions

Wednesday, May 16, 2018

Preschool Parents: 9:00am—11:00am and Primary Parents (K-2nd): 12:30pm—2:30pm

These sessions are designed for parents of preschool through early elementary students. The two-hour workshop will include interactive **activities and discussions emphasizing child development, self-regulation, time management, play, and problem solving.** Participants will receive a booklet of “EF Home Links” full of strategies and tools to build strong executive function skills at home.

Attending this workshop will enable parents to better guide their child in learning and using organizational skills, time management and critical thinking strategies.
