Executive Functions Virtual Teacher Workshop

for educators in Upper Elementary, Middle School, and High School

Monday, March 14, 2022
9:00 AM - 12:00 PM (CST)

What are Executive Functions?
Executive Functions (EF) are the thinking processes involved in planning, organizing, decision-making, and regulating behavior that are enlisted to solve a vast array of problems in school and in daily life.

Workshop Objectives
This workshop features an activity-based approach to:
- Increase awareness of neurological framework for Executive Functions.
- Acquire knowledge about the RNBC EF Curriculum included in workshop fee (retails for $335.00).
- Develop everyday teaching practices utilizing EF skills in the classroom.

Workshop Benefits
- The Executive Functions School Curriculum is compatible with RtI provisions, Tiers 1 and 2.
- Students who performed well in Executive Functions Curriculum have a higher rate of homework completion and earned higher grades.
- Students who demonstrated greater adherence to the Executive Functions Curriculum throughout the school year performed significantly better on reading achievement tests and standardized test scores.
- Students with better Executive Functions skills have higher student attendance and admission to more competitive schools.

Feedback From Previous Participants
“Great materials & engaging speakers”
“I would recommend this to anyone in our field”
“Single-handedly the best professional development workshop I have ever been to! I have so many amazing ideas to implement”
“Helpful information I can’t wait to share with my team & use with my students”
“Love the lesson plans & great hands on activities”

Who Should Attend This Workshop?
Classroom and subject-area teachers of grade levels 4th-12, special education teachers, school principals, and other interested administrators.

CPDU credits may be available upon request with proper documentation.
