## Workshop Objectives

This workshop features an activity-based approach to:

- Increase awareness of neurological framework for Executive Functions.
- Acquire knowledge about the RNBC EF Curriculum included in workshop fee (retails for \$335.00).
- Develop everyday teaching practices utilizing EF skills in the classroom.

## Workshop Benefits

- The Executive Functions School Curriculum is compatible with RtI provisions, Tiers 1 and 2.
- Students who performed well in Executive Functions Curriculum have a higher rate of homework completion and earned higher grades.
- Students who demonstrated greater adherence to the Executive Functions Curriculum throughout the school year performed significantly better on reading achievement tests and standardized test scores.
- Students with better Executive Functions skills have higher student attendance and admission to more competitive schools.
